

Fair Has Two Big Days

SPITE A WEEK'S DELAY DIS-
PLAYS SHOW UP
WELL.

PARADE AND CORONATION
BRILLIANT SUCCESSES.

As if to make amends for what it
done to the Fair a week previous,
weather cleared up towards the
end of last week and, after a feeble
start to mist and sprinkle Saturday
morning, the clouds were dispersed
the sun and the rest of the day
Sunday were ideal. Promptly at
10 o'clock, the grand parade that
been delayed a week was held
the floats presented a gorgeous
display as they paraded the town
proceeded to the Fair grounds
the Fair was formally opened.

Large crowds were in attendance
days, and although a full week
elapsed between the scheduled
opening and the actual opening, the
bits were mostly intact and won-
derfully well preserved. A visit to
exhibit hall or to the poultry or
stock pavilions were either alone
in the price of admission.

As mention one display without
equal prominence to the others
it be unfair, and to cover all
it far exceed our time or space.
As soon as the awards are checked up
hope to publish a complete list
of official sanction.

Parade.

The Medina County Fair was form-
ally opened Saturday morning, No-
vember 15, at 10 o'clock with a
magnificent parade through the busi-
ness section of Hondo. The brilliant
display was dignified by the pres-
ence of the officials of the Fair As-
sociation at the head of the line.
The gentlemen rode in cars decorat-
ed with giant sun-flowers, the flower
men by the Association for the offi-
cial Annual Fair. Following the of-
ficials came the flower decked floats
bearing the local and out-
town royalty in all their beauty
splendor. Almost every town
community in the county was
represented by a regal duchess and
lovely maids, making charming
pictures in the flower frames of their
cars. Interspersed with the floats
were strollers from every path of
pioneers, old negro slaves,
nurses, students, gypsies, Swiss
clowns, hoboes, farmers,
sailors, a drum corps and Boy
scouts. Automobiles of every de-
scription, from whoopee wagons and
less vehicles of 1902 to pop-
ular makes of today added to
the spectacular event to a most fit-
ting and brilliant climax was the
appearance of her Royal Highness,
Queen Bernice, of the House of
Wurzbach, with her royal coterie,
in state on a majestic float at
the head of the procession.

After being greeted with applause
Center Street around College
Street, to South Front Street the
procession made its way to the
Fair Grounds, where the judges
led them to sift from all that
the following win-

most comical: Old Ford, first; Ne-
woman, second.
Merchant's float: Windrow's Drug
store, first; Hondo Lumber Co.,
second; Jennings, third.

Co., Best decorated Ford by Mc-
Motor Co., Hondo-Pearsall car.
Coronation and Grand March.
The capacity grandstand crowd wit-
nessed the majestic Coronation, Sat-

urday night, November 15, at 8:00,
of Queen Bernice, of the House of
Wurzbach, as reigning lady of the
5th Annual Medina County Fair. In
an attractive and brilliant setting the
royal throne was the focus of the
impressive ceremonies, as His Ma-
jesty King Thomas of the House of
Schuchart held court for the pre-
sentation of the local and out-
town royalty. Picturesque heralds
announced the arrival of each charm-
ing Duchess and her pretty maids, at-
tired in royal robes for their pre-
sentation to the King. Each lady and
maids were met at the foot of the
throne by their escorts. Preceding
the entrance of the Queen, an ad-
vance guard of ten formed about her
throne for the personal body guard
of her Grace. A tiny page, carrying
the sparkling crown upon a satin pil-
low, walked immediately before the
Queen, who entered in royal splendor
with train bearers upholding her
regal costume. His Grace, Sir Felix,
of the House of Batot, President of
the Fair Association placed the crown
upon the head of Lady Bernice amid
a burst of applause.

A program of dances for the bene-
fit of the Queen and her Court, fea-
turing talent of the county, enter-
tained the spectators, until time for
the Queen's Ball. After marching
under the crossed swords of the
Queen's body-guard, the royal cortege
entered the dance hall for a grand
march, followed by the ball in honor
of the Queen.

The Races.
A four days race program second
to few found in any county Fair was
originally scheduled, but owing to the
muddy track races could only be run
two days, Saturday and Sunday. Five
races were run on each of these two
days and many race fans were at-
tracted to the sport and the best horses
in this entire section competed for
the attractive purses.

Mr. C. H. McMillan again had
charge of the starting, and with his
skill and experience it goes without
saying that the race features of the
Fair were fairly and successfully
managed. Mr. McMillan expects to
be back next year.

Medina County and Hondo boast
one of the best race tracks in South-
west Texas, and with the ideal
weather of this part of the State,
expect to have one of the best rac-
ing seasons. Prize winners in the
past Medina County Fair and other
favorites are being stalled here with
the purpose of bringing to race fans
the liveliest of entertainment and in-
terest. Several races are scheduled
for Thanksgiving Day, featuring
favorites of the Southwest Texas
tracks and a large enthusiastic crowd
is expected.

Athletics.
Most of the athletic features that
had been planned to furnish a large
part of the entertainment were rained
out, but a basketball game Sat-
urday afternoon in which Trio de-
feated Utopia afforded entertain-
ment for lovers of that sport.

Club Boy's Letter.

As a fitting finale to this article,
and as an example of the most useful
purpose the Fair is serving—the
stimulation of interest and effort in
improved farm and live stock pro-
duction among our young people—it is
with very great pleasure we append
herewith the following letter:

Editor, Hondo Anvil Herald:

Am writing you a few lines about
my club work of 1930 and my exhibi-
tion at the Medina County Fair. On
September 6 County Agent C. M.
Merritt came over to select two pigs
for me to feed as club pigs for the
1930 Fair. After looking them over
a while, he said, "Boy, these eight
pigs are just like eight peas in a pod.
It's hard to pick the best two. How
about feeding the whole bunch?" I
told him I would if papa would let me
do so. He would, so I got to feed
them all. We go busy at once and
got two disinterested men to weigh
the pigs and found their combined
weight to be 624 pounds on Septem-
ber 6. I started feeding at once, just
as the good agent told me. I washed
the trough every day and the stall
every Wednesday and Saturday.
Papa rigged up a handy way to weigh
the pigs so we could weigh them
once in a while to see how much they
gained. On November 6 the same
two men weighed the pigs again and
found their combined weight to be
1690 pounds, an average of 211 1/4
pounds per pig and a gain of 1,066
pounds in 60 days.
On November 8, when the stock
judging took place, there were some
sure enough good pigs to compete
against, but the judge was a keen
one. Oh, how he did mill and sift

DID YOU EVER STOP TO THINK?

By Edson R. Waite, Shawnee, Oklahoma.

W. O. SMITH, EDITOR OF THE PUNXSUTAWNEY (PA.)
SPIRIT, SAYS:

"There is one phase of advertising that is seldom thought of by
the average person, and that is the philanthropic side. We all under-
stand that advertising makes business and creates opportunities, but
we seldom think of it as the most potent remedy for unemployment.

"When any article or commodity is properly advertised, a de-
mand is created for it that requires additional employees to fill.
Factories are enlarged and new industrial plants built to supply the
trade. More hands are needed by the manufacturer. More salesmen
and more clerks are required, and more transportation facilities must
be utilized. The consumer benefits by being introduced to a good
article, the merchant benefits by increased sales, business is stimulat-
ed all along the line and there are more jobs for the unemployed.

"THE ADVERTISER MAY NOT VIEW IT IN THAT LIGHT,
BUT HE IS A PUBLIC BENEFACTOR AS WELL AS A LIVE
BUSINESS MAN."

those pigs. But I came out O. K. I
don't want to mention how many
prizes I took on my Reds but if any-
one wishes to know, they may ask
Mr. Milton Haagelin, who is chair-
man of the boys and girls club work
and he has a record of the prize list.

But if any boy or girl wishes to
enter the club work they need not
think it's no work or expense. First,
you must decide whether you can
stand it to stay out of the evening
ball game for two or three months.
You must have the right kind of
stock, the early maturing kind, and
take good advice from your leader.
And if you don't keep your troughs
and pens clean, you must take a good
bathing out from the County Agent
when he slips up on you some even-
ing about sun set. And I assure you
that you will get plenty of exercise
before breakfast. You must have a
good papa or mamma to see that
there is plenty of fresh drinking
water in the trough at noon while
you are in school and many other
things are in the game. The club
pigs sold to the Union Meat Company
of San Antonio at 10c per pound.

I also showed a club calf. He was
not finished as he was fed only a
short time. He was born on May 5,
1930, and I named him Mack Cinco
de Mayo. His mother will be three
years old in September. A Hondo
butcher offered me a good price,
about two cents above the San An-
tonio market, but papa told him we
would close no deal until the last
evening of the Fair. So on the last
day of the Fair, about noon, Mr.
Lacy came and told us that he want-
ed us to parade the cattle in front
of the grandstand. Thanks, Mr. Lacy,
as to my notion that was the beauty
of the Fair. So when we lined them
up, Mack heard the band and was
rearing to march. He wasn't a bit
ashamed to show himself to the ladies
and gentlemen for he wore a blue
ribbon on his ear tag and a grand
champion on the halter buckle.
When we made the circle in front
of the grandstand, Judge Noonan or-
dered the band to stop. Then he asked
if Mack was for sale. I answered,

"Yes." He then asked the citizens
to bid on the calf. A number of men
bid on the calf. Who they all were
I don't know, but I feel very grateful
to them all. I think they were bank-
ers, merchants and officers. The first
bid was 10 cents, the last was 15
cents, and Mack was sold to County
Clerk Jungman. Many thanks, Mr.
Jungman and to all the good bidders.
Also thank the good Judge Noonan
for his kindness and good work. Papa
said if the Judge would practice the
job a while he would make a good
salesman.

Mr. Jungman ordered me to send
the calf to the San Antonio market
and get his weight. The calf was
weighed Monday morning and tipped
the scales at 490.

The good members of the Medina
County Fair Association and the good
citizens of Medina County tried to
treat everybody right and gave
everybody a chance and all the con-
venience possible. And it's easy to
see that they do not only look out
for themselves, but are heading for
bigger and better fairs and boast up
our county and its products. I also
wish to thank Uncle Henry as he
started me in the cattle business.
When I was three years old he gave
me a cow and this cow is the grand-
mother of my calf, Mack.

I also wish to say that Medina
County can be proud of its County
Agent, Mr. C. M. Merritt, and Mrs.
Merritt. They are both hard work-
ers and I don't believe that all of
Rockefeller's money could hire us
better service than Mr. and Mrs. Mer-
ritt are giving our county. Also wish
to say if I ever become a big live-
stock feeder, I will try and hire Mr.
Monkhouse to grind the feed for
me and Mr. Starnes to mix the feed,
for they put out the real stuff and
Mr. Starnes is a good mixer. Would
like to write 7 yards more but I must
get after my school books. Above
all, I thank Almighty God for giving
me good health and ability to do this
work as well as I did.

RALPH J. GRAFF,
Hondo, Medina County, Texas.

FIDELIS CLASS.

Miss Lora King was hostess to the
Fidelis Class Wednesday afternoon at
her home. After the business ses-
sion, an interesting lesson was led
by the hostess.

Those enjoying Miss King's hospi-
tality were Mesdames Tom Stanley,
L. Hollaway, Alfred Schweers, Fish-
er King, H. J. Meyer, Theo. Cameron,
Lancaster and Miss Bertha Newton.
A delicious plate lunch was served.

The next meeting will be with Mrs.
H. J. Meyer on Friday, December 5,
at 2:30 o'clock and the lesson will
begin with the twelfth chapter of Exo-
dus and extend through the twenty-
second chapter. All members are
urged to come.

P. T. A. ASSOCIATION.

The Parent-Teacher Association
met on Thursday afternoon, Novem-
ber 18, at the High School auditori-
um. Mrs. R. W. Speece presided
and opened the meeting by reading
the P. T. A. Creed in unison.

The treasurer, Mrs. Walter Mc
Claugherty reported dues collected
from 130 members and forwarded to
Federation headquarters. \$82.70
was reported realized from the play,
"A Howling Success." After paying
several small accounts there remains
on hand a balance of \$71.02.

The Committee in charge of the P.
T. A. float at the recent Medina
County Fair reported an expense ac-
count of \$1.65. The float won the

A Deplorable Tragedy

blue ribbon and a premium of \$15.00.
The Hondo Lumber Company and
Mrs. R. W. Speece were given a ris-
ing vote of thanks for their aid in
getting the P. T. A. float in readiness
for the parade.

Mrs. A. G. Hollaway's name was
added to the membership list.

In the count for the book to be
given the best represented grade, the
sixth grade won.

The organization decided, by a ma-
jority of four votes, to allow each
member, regardless of whether or not
she has a child in school, to vote in
the contest for the book, the voter to
have the privilege of choosing the
child (or grade) for which she wishes
her vote counted.

At the close of the business meet-
ing Mrs. Theo. Cameron and her as-
sistants served delicious angel-food
and devil's-food cake with hot choco-
late to all in attendance.

A THANKSGIVING PRESENT.

Present your wife, husband, son,
daughter or some dependent one with
a certificate of membership in the
Home Relief Association of Medina
County. There are more than a thou-
sand members, and room for more.
We can pay a \$1,000.00 death bene-
fit at this date and leave a surplus in
the First National Bank at Hondo,
the place of our deposits.

Join now while you are in good
health, tomorrow may be too late.
Our death assessments have averaged
a little less than \$3.30 per year. Can
you beat this for \$1,000.00 insur-
ance? Come on and join us, the
entrance fee is only \$5.00. You can
certainly afford to pay that much for
a policy that is worth \$1,000.00 now.
Your money will be left with home
people, will be used for the benefit
of home people. It may be that some
of your loved ones will receive the
benefit. Will you permit us to deliver
the benefit in case of your passing?
Remember we are 1,000 strong
plus.

Secretary.

MRS. JOSEPHINE HABY BURIED FRIDAY.

Funeral services for Mrs. Jose-
phine Haby, 63, who died in a local
hospital Wednesday afternoon will be
held at the St. Louis Catholic Church
at Castroville Friday morning.

The body will be taken to the old
home in Cliff Thursday afternoon and
Finger, Gus Keller and J. J. Drott-
will remain there until Friday morn-
ing. Mrs. Haby was born in Rio Me-
dina, also known as the Haby Settle-
ment, and lived in the same neigh-
borhood all her life.

Survivors are five son, Ariel, Ray-
mond, Robert and Wilfred of Cliff,
and Rudolph Haby of Rio Medina;
one daughter, Mrs. Alfred Stein of
Castroville; 14 grandchildren; eight
brothers, Emil, Joe, Charles, August,
Albert, Louis, Eugene and Robert
Schott, and one sister, Mrs. John
Hoffman—Thursday's Express.

Mr. and Mrs. Lee R. Smith of
Pasadena, California, were guests of
Mr. and Mrs. Henry Merriman Tues-
day.

ADOLPH H. TONDRE ACCIDENT- ALLY KILLED BY FRIEND MONDAY.

WAS A POULAR COUNTY
OFFICIAL.

Adolph H. Tondre was accidentally
shot and fatally wounded while hunt-
ing in the Fred Jagge pasture on the
Hondo creek about twenty miles
northwest of Hondo.

As the circumstances have been re-
ported to this paper, the unfortunate
man and a party of friends had been
camping and hunting for several
days. On the fateful afternoon he
and Albert Hoog went out into the
pasture to hunt, and as is the custom
of hunters separated. Late in the
afternoon, Mr. Hoog fired at a deer
as it ran away from him. Following
in the direction the deer had gone
and near where he had last seen it,
he heard groans and upon investiga-
tion found his friend shot down. Pres-
umably, the bullet had hit a hard
substance and glanced out of its
regular course.

Mr. Hoog had to leave the wound-
ed man alone and make his way on
foot two and a half miles to the
ranch house for aid. From there it
was another mile and a half to a tele-
phone before surgical and ambulance
assistance some twenty miles away
could be summoned.

Dr. W. H. Smith and J. A. Horger
reached the wounded man as soon as
it was humanly possible, but as he
was shot in the mouth through his
left jaw and had his left ear torn
away by the bullet, the loss of blood
must have been heavy, and, despite
all first aid efforts, he died in the
ambulance between Dunlay and Cas-
troville, while being hurried to a hos-
pital in San Antonio, some two or
three hours after being shot.

The deceased was buried from his
home in Castroville Wednesday
morning under the auspices of the
Catholic church of which he had been
a life-long member. One of the larg-
est crowds ever assembled at a
funeral in Castroville was present to
pay the last respects to a man whom
the entire community loved and
honored in life and mourned sincerely
in death.

Active Pallbearers: R. J. Noonan,
L. W. Burell, George Frey, Frank M.
Finger, Gus Keller and J. J. Drott-
court.

Honorary: S. A. Jungman, Emil
Britsch, Chas. Schuehle, W. N. Saat-
hoff, C. M. Merritt, J. W. Roberson,
H. F. Buss, H. E. Haass, Arthur
Rothe, J. M. Finger, F. A. Patton, W.
H. Lewis, Judge D. H. Fly, Ed de
Montel, J. R. James, J. R. Shook and
Perry J. Lewis.

From St. Louis Society: Victor
Tondre, Herbert Holzhaus, Clarence
Holzhaus, Anton Haller, Joe Mayer
and Lawrence Rihn.

From Herman Son's Lodge: Frank
Burrell, Jake Biediger, Frank Tond-
re, Frank Seekatz, W. Biediger and
Arthur Holzhaus.

He was born and reared in Castro-
ville and for several years has served
his precinct as County Commissioner.
So acceptable had been his service
that he had but recently been re-
elected without opposition.

His tragic and untimely fate
was a shock to the entire county and
he is sincerely mourned by a large
circle of friends. His bereaved family
and his heartbroken friend, the in-
nocent cause of his death, have the
sympathy of all who know and can
share their grief and sorrow.

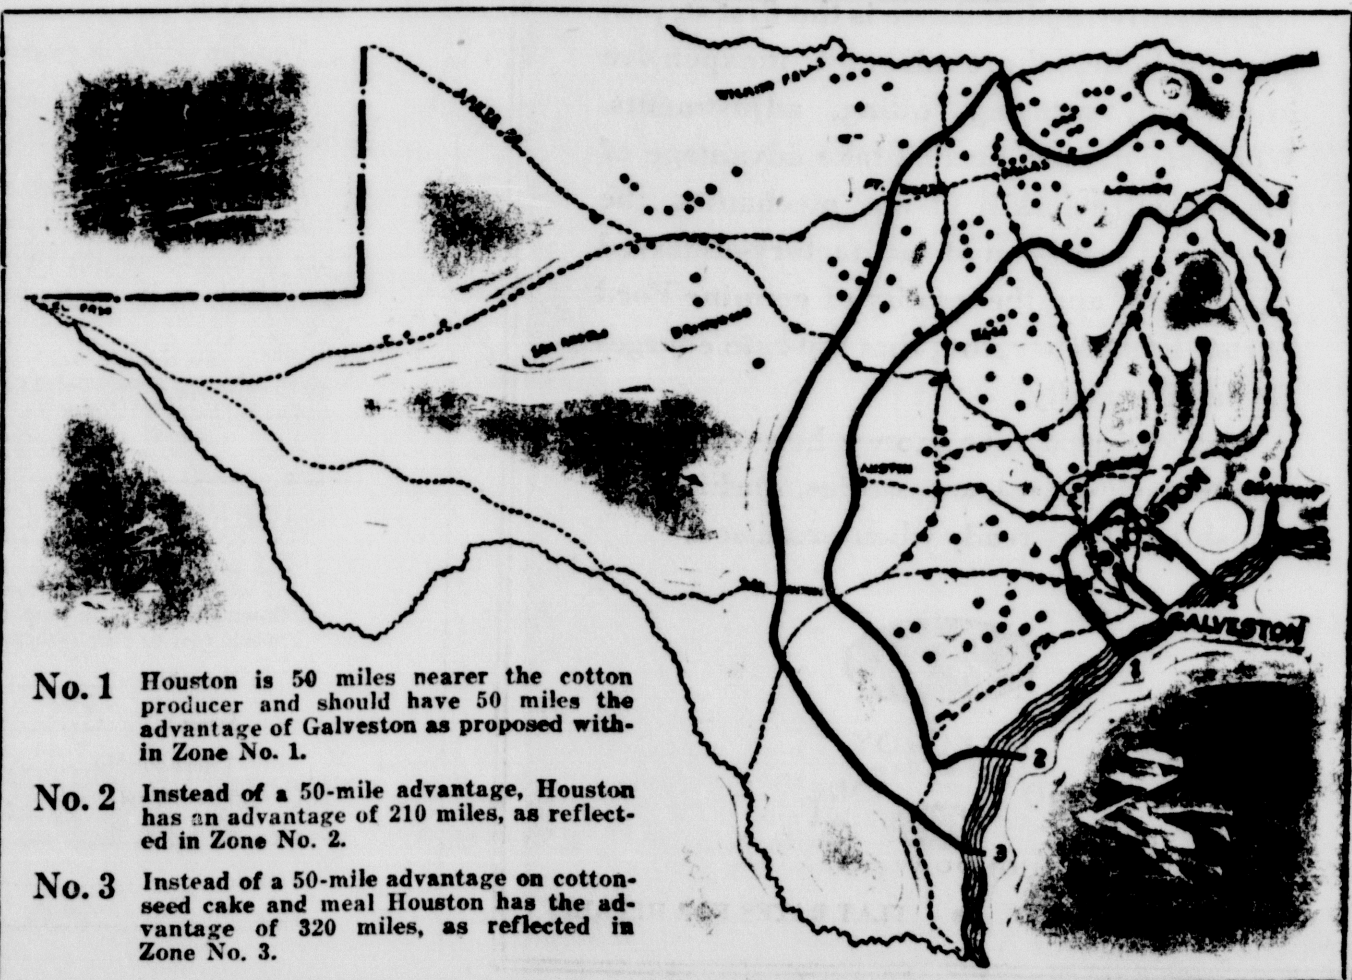

BADGERS PLAY FIRST GAME SATURDAY NIGHT.

The opening basketball game of
the local season will be played Sat-
urday, November 22, at the Medina
County Fair Grounds. The Baptist
Badgers are meeting the St. Paul's
team of San Antonio at 8:00 P. M.
The two teams are evenly matched
with the visitors have a slight edge
because of having already played
several games.

SOPHIAN CLUB.

The next regular meeting of the
Sophian Club will be held at the High
School Auditorium next Wednesday
afternoon, November 26, at 3 o'clock.
Mrs. O. B. Taylor will lead in the
discussion of "Bridge of San Luis
Rey" and Mrs. J. R. W. Gaines that of
"The Inconsistent Villain."

Wm. Jungman underwent an operation at the Santa Rosa Infirmary last Thursday. He was getting along as well as could be expected at this writing. Mrs. Jungman has been staying at the hospital with him.

George Echtle of this community won 2nd prize at the Medina County Fair on his individual farm exhibit. Mr. Echtle also had exhibits in the general farm produce exhibits and the poultry exhibits and pecan exhibits. The general farm booth was certainly worth going to look at, in fact the best corn exhibit ever shown in Medina County where millions of bushels are grown every year.

QUIHI NOTES.

"Let no corrupt communication proceed out of your mouth, but that which is good to the use of edifying, that it may minister grace unto the hearers." Eph. 4: 29.

Sunday forenoon at 10 o'clock Reformation day service will be held in St. John's Lutheran church of New Fountain and in connection therewith the holy communion will be celebrated. All are cordially welcome at the services in this church.

At 7:15 P. M. divine service in the English tongue will be held in Bethlehem Lutheran church. Please bring your English hymn book to this service. All are cordially welcome.

Pursuant to President Hoover's and Governor Moody's Thanksgiving day proclamations appropriate divine service will be held on Thanksgiving day at 10:30 A. M. in Bethlehem Lutheran church. All are cordially invited to come to this service. It is hoped that the church will be decorated for this service, as in the past years, with fruits and vegetables out of our gardens and sample products from our fields.

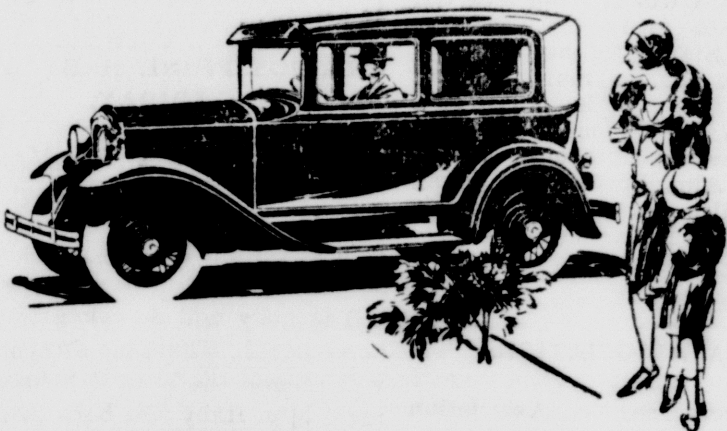

On the night of Thanksgiving the Quihi Luther League will hold a membership social. It is hoped that all members will be present. The committee of arrangements is made up of Mr. Otto Lindeburg, chairman, Miss Bertha Oeffinger and Mr. Edwin Grell. The social will be held in the Quini parish hall.

In spite of a number of other attractions, a fine and appreciative audience was present in Bethlehem Lutheran church last Sunday night to hear and enjoy the splendid musical-literary program rendered by the Quihi Luther League. Every number on the program was good and rendered excellently. The surprise number on the program was a brief but ever timely impromptu address by Miss Jones, principal of the Murphy school. The next program will be rendered December 7 at 7:15.

Lambs for early market should be kept growing from the very beginning, and the best way to accomplish this is by feeding them through a "creep." Provide a rack for hay and a trough for grain, arranged so that the lambs can not get their feet in them. Liberal feeding of lambs dropped before pastures are ready is profitable with average grain prices.

helps make Long Distance
like a local call . . .**

How would you like to pick up your telephone and, almost as quickly as on a local call, get in touch with friends, relatives, business associates, a hundred...two hundred...miles away?

Would you like to know you could do this, not only in emergencies, but on ordinary social and business calls?...

You can do it, in practically every case.*

It's easy. All you have to do is give the number of the out-of-town telephone you are calling.

Knowing the number saves the operator the time of looking it up in the directory, and enables her in most cases to ring the telephone almost as quickly as if it were in your own town.

*Statistics show that on 8 out of every 10 of these long distance calls the person calling is connected to the called telephone while he holds the line. On the shorter distances—up to 500 miles—the proportion is even greater.

To make it easy for you to use this speedy method, we will supply you, if you wish, with an "out-of-town number book," listing the names and addresses of your out-of-town friends, relatives, business associates, and telling you how much it will cost to talk for three minutes to each.

THIS BOOKLET IS FREE

To obtain one, simply write on the coupon the names and addresses of three or more persons in other cities whose telephone numbers you would like to keep handy. Then mail or bring the list to the office of the telephone company.

We will obtain the numbers for you, enter them with the other information in your own private long distance telephone directory, and mail it to you promptly.

THE NEW CHEVROLET.

Thousands of people who thronged showrooms throughout the nation last week to get their first view of the new 1931 Chevrolet commented particularly upon the features new to the low priced field achieved in the current line of Fisher-Chevrolet bodies.

First remarked among the new features are the increased size and roominess made possible by the long-wheelbase, while numerous other changes not obvious to the eye combine to make the bodies stronger, more rigid, and as completely squeak-proof as human ingenuity can devise. A surprising amount of hand-work

goes into every individual body in the new Chevrolet series. In the application of the exterior finish, alone, 22 individual steps have to be taken along the line, ranging from the cleaning of the metal with an acid solution, on through the glazing and wet-sanding operations, the dry-sanding and application of a mist-coat, to the final Ducoing, touching up and stripping.

The combination steel-and-hardwood method of body construction, the most durable and desirable known to the industry, is continued, although with important changes at vital points. The new roof construction, for example, is now a separate assembly known as the slat-and-bow

type, the strongest known to the industry. The bows, instead of being steam bent, are cut to shape so that they will retain their shape indefinitely. Double steel braces easily accessible for servicing, replace the wood strainers formerly used along the sides of the roof, and strong steel braces are now used at the corners to add to the roof rigidity. The roof structure is thoroughly padded to prevent drumming, and is covered with a material consisting of two layers of fabric bound by an inner layer of rubber.

Anti-squeak material in liquid, rubber dough or friction form is used all steel braces and their respective wood parts. As a further aid to quietness, insulating material is used wherever wood touches metal.

Exclusive patent rights just obtained by the Fisher Body Corporation for a new type of spring never before used in automobile seat construction greater comfort for the passengers. The coils of these springs are larger, with strips of burlap running lengthwise to separate the rows of coils.

In the sedan 32 coil springs make the front seat unusually resilient, and 45 coils are in the rear seat, nine more than in the 1930 models. Over the springs is placed a thick layer of padding unusually durable and soft. The upholstery cloth is piped with

another layer of padding, and the seats are trimmed with a "Turkish" front, with turfs and buttons ranged along the front side of the cushion, a style of trim which adds much to the tailored beauty of the interior.

For the greater protection of front seat passengers, a layer of jute or felt is vulcanized, this year, to the rubber floor mats and an insulated pad covers the entire dash to keep out heat or cold and add to quietness. The mats in the rear compartments of the coach and sedans are a round wire tapestry type of great durability and in the sport sedan the carpet has a high wool content with a new mottled pattern.

Option of brocloth or mohair upholstery trimming is provided with every closed body in the new Fisher line. Curtains on all bodies have a high luster, and curtain tassels are provided in the special sedan and sport coupe.

All interior hardware has been newly designed and beautified. Exterior handles have the Protectalok feature which foils the would-be thief. Doors are locked from the inside simply by lifting the door handle.

Dome lights come with the coach, sedans and sport coupes. A highly polished robe rail is found in the sedan, while a silk cord type is used in the special sedan. Foot rests,

"KONJOLA DID WONDERS FOR ME," SAYS THIS LADY.

Stomach Trouble and Headaches Are Banished When New Medicine Is Put to Test.

MRS. AVEY KESWSKI

"Konjola did wonders for me," said Mrs. Avey Keswski, Box 205 A, Route No. 1, Galveston. "For several years I suffered dreadfully with stomach trouble. I had a severe and sickening headache almost constantly. Gas accumulated in my stomach after every meal and I had the cramping pains of indigestion. My nerves were so weak that I could not rest or sleep well at night.

"I am now on my fourth bottle of Konjola and I feel better than I have in five years. Pains and headaches have been banished and I have not had an attack of indigestion since I began taking Konjola. My nerves have quieted and I enjoy sound, restful sleep at night. My entire system has taken on new life and I will always praise Konjola for the good it did me."

Taken regularly after meals over a six or eight week period, this master medicine for ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness has done as much for thousands as it did for Mrs. Keswski.

Konjola is sold in Hondo, Texas, at W. H. Windrow's drug store, and by all the best druggists in all towns throughout this entire section.

REMAKING AUTO TOPS A SPECIALTY.

CHEVROLET ORDER RE-OPENS FACTORIES.

The extent to which the industrial structure of America leans upon the automobile, was vividly illustrated following the placing of an order incidental to announcing Chevrolet's new 1931 models.

The order called for 171,846 feet of material, or a ribbon of canvas 33 miles long and 36 inches wide, to be made up into banners for dealer's showroom displays and for signs to be used in sales meetings being held throughout the country.

Less than 5,000 yards of the material were available in Detroit. Due to low inventories resulting from curtailed operations this year, a search of wholesalers, bleacheries and mills in strategic parts of the country, revealed a supply of white canvas on hand still 20,000 yards short of filling the order.

To meet the demand within the specified time, a mill in South Carolina which had lain idle got into production on a 24-hour day schedule. Mills in other parts of the country were put to work overtime. To produce the finished banners and drops, two plants manned with artists, sign painters, carpenters and laborers had to work three eight-hour shifts a day.

"This one order resulted in the opening of three plants not then in production, and the employment of hundreds of men," explained H. J. Klingler, vice-president and general sales manager of the Chevrolet Motor Company, who directed the purchase. "Yet this order was not measurably larger than others we have placed from time to time for similar materials to meet the needs of our dealers."

"What happened in this instance—in the unusual activity brought about through placing an order only for materials to announce the new car—may be taken as a pretty good indication of how all industry benefits through the automobile. Purchase of a car means work for the cotton picker and mill hand, the steel miner and worker, the lumberman—in fact all those employed in the production or preparation of the large number of raw materials which go into the building of the finished automobile."

Paraffining the sections makes comb honey more attractive to the consumer, and this practice should be followed by beekeepers more generally, the U. S. Department of Agriculture says. It prevents the bees from smearing propolis, or bee-glue, over the tops of the sections, and keeps the sections from becoming dirty and discolored. Paraffin of the best grade and highest melting point should be used. A smooth, thin coat of paraffin, heated to about 185 F., should be applied with a varnish brush to the tops of the sections after they are in the supers and before they are given to the bees. Don't work the brush back and forth, but give it only one sweep down, holding the supers tilted up to an angle of 45°.

BIGGER

THE NEW CHEVROLET SIX HAS MANY IMPROVEMENTS

The introduction of the new Chevrolet Six marks the most impressive forward step in Chevrolet's twenty-year record of constant progress and improvement. For this Bigger and Better Six offers new beauty, new luxury, new completeness and new quality—yet it sells at lower prices!

In every curve and sweep of Chevrolet's modern lines—in every detail of its new Fisher bodies, you will see the fine hand of the master designer and the skillful craftsman. And the more closely you inspect it, the more deeply impressed you will be.

The improvements in the new Chevrolet Six begin at the smart new chrome-plated headlamps and extend throughout the entire car. The radiator is deeper. The lines are longer and lower, giving an air of exceptional fleetness and grace. And the interiors of the new Fisher bodies provide a new degree of

comfort and luxury: greater roominess; fine quality mohair or broadcloth upholstery; more pleasing interior fittings; and a new, completely equipped instrument panel.

The chassis of the new Chevrolet Six has also been refined and advanced in a number of different ways. The frame is heavier, deeper and stronger than before. There is a smoother operating, long lived clutch; a sturdier front axle; an entirely new steering mechanism; an easier shifting transmission. In fact, every vital feature of the new car has been made better to provide more thorough satisfaction for the owner.

And along with these improvements, Chevrolet offers the smooth performance of a 50-horsepower, six-cylinder motor—four long semi-elliptic springs—four hydraulic shock absorbers—a safety gasoline tank at the rear of the car—and an economy of operation not surpassed by any automobile.

AT NEW LOW PRICES

Fine as it is, the new Chevrolet Six now sells at lower prices—making the economy and satisfaction of Chevrolet ownership even more outstanding. We urge you to come in and see

the Bigger and Better Chevrolet. Its modern design reflects the spirit of the times—and it represents a value which will command the interest of every buyer in the low-price field.

Elsewhere in this paper is published an election notice stating that a petition has been filed with County Judge R. J. Noonan to determine whether or not the town of Hondo should be incorporated under the Commission form of government. This election will be held on Tuesday, December 23, at the Courthouse with Mr. Felix Batot as presiding judge and assisted by Geo. Carle, Mrs. C. J. Schuehle and Mrs. J. R. Chancey. This will be the second election in the last three months, the first having taken place on October 7, and incorporation defeated by a majority of only four votes. The ensuing campaign threatens to bring about a spirited contest which can result only in a heavy balloting.

Judge and Mrs. L. J. Brucks are enjoying a visit from their daughter-in-law, Mrs. Charles R. Brucks, and their two little grandchildren, Charles, Jr., and Miss Beverly. They are from Chicago and are paying their first visit to Hondo. Charles is too busy helping Mayor Thompson run the city and couldn't accompany them this trip.

Mr. and Mrs. Frank L. Mussmann and two children of George West have been visiting her mother, Mrs. H. J. Lindenburg, at Quibi this week. Mrs. Mussmann paid this office a pleasant visit Thursday to add another year to her subscription. She said they "just had to have the Hondo paper."

BLINDFOLD DRIVE TO BE STAGED HERE TOMORROW

LOCAL AND PERSONAL

MRS. EMIL WOERNER PASSED AWAY.

After a long season of illness and distressing pain Mrs. Emil Woerner of Quihi quietly passed out of time into eternity at 7:45 on the morning of Armistice day at the age of 62 years and 11 days. During her long illness and declining years she received excellent medical attention and was tenderly nursed and cared for by her devoted husband and kind relatives and neighbors. May she rest in peace and forever enjoy the glorious reward of faith promised all by God who live and die in Christ, the Lord. The burial service was held last Wednesday afternoon and was conducted by Rev. E. W. Dechert of the M. E. church of New Fountain, assisted by his church choir; Rev. Hasskarl of the Quihi Lutheran church making a brief address in German. In spite of the very bad roads and threatening weather the burial service was largely attended and the floral offerings from home gardens were many and beautiful and a testimony of the high esteem and affection in which Mrs. Woerner was held by those who knew her best. The interment took place in the family lot in the New Fountain cemetery.

From the biography of the deceased, read at the grave by Rev. Dechert, the following data were gathered: Mrs. Emil Woerner, nee Josephine Hardt, was born of Christian parents October 30, 1868, at Goliad and shortly afterwards received the sacrament of holy baptism. When four years old she moved with her parents to Llano, where she received her public school education. When 15 years old she came to the Green Hill community of this county. Here she grew up to young womanhood and remained here with her family until her marriage with her now mourning husband, Emil Woerner, October 11, 1890. After her marriage she lived with her husband for 13 years in San Antonio and then returned again to the Green Hill community, where she resided till four years ago when she came with him to Quihi, where she made her home

ELECTION NOTICE.

Whereas, a petition has been filed with me, asking for an election to determine whether or not the town of Hondo, in Medina County, Texas, should be incorporated under the Commission Form of Government, said petition being accompanied with a plat of said proposed incorporation, and being in all respects in compliance with the law. MR. AND MRS. HEATH HOSTS.

The members of the Thursday Bridge Club and a few guests were honored with a charming bridge Thursday night with Mr. and Mrs. L. E. Heath extending the hospitality. The living room and dining room were attractively decorated with chrysanthemums.

Preceding the bridge playing, a delectable salad course was served.

After a number of games, Mrs. H. J. Meyer was presented a table lamp for high score prize for the club members. Mrs. F. H. Schweers won a lovely guest towel for ladies' guest prize. Dr. H. J. Meyer received a smoking stand for high score among the gentlemen and Lieutenant C. D. Eddleman won a tie for guest prize.

Those present were Mr. and Mrs. John Finger, Judge and Mrs. R. J. Noonan, Mr. and Mrs. Horace Bradley, Dr. and Mrs. H. J. Meyer, Dr. and Mrs. T. B. Knopp, Dr. and Mrs. W. H. Smith, Mr. and Mrs. F. H. Schweers, Lieutenant and Mrs. C. D. Eddleman, Mrs. Earl Starnes, Mrs. O. B. Taylor and the hosts, Mr. and Mrs. Heath.

LIONS AND THE BLIND.

A combination writing desk for the blind and near blind was demonstrated to the Lions Club at their luncheon last Tuesday. By means of this writing board the blind can easily and legibly write with a pencil in the regular script. The Club will gladly donate such a board to any needy blind person in the county. If you have a blind relative or friend, you could do him no greater favor than to present him with this writing desk—possibly for Christmas. The price is very reasonable, five dollars. The Rev. Heineke will show the board to any one interested.

NEW CHEVROLET SIX POWERED WITH GULF GASOLINE WILL BE USED IN EXHIBITION.

Promptly at 3 o'clock tomorrow (Saturday) afternoon Paul, the exponent of Par Optic Vision, will be blindfolded and started off on his drive which promises to be one of the most spectacular and amazing ever to be witnessed by the local public. While absolutely blindfolded with twenty-four (24) folds of black cloth he will drive about the streets apparently with as much ease as the average citizen does with both eyes open. He will obey all traffic regulations.

From the publicity that has been given this event indications are that large crowds from the surrounding country will come to Hondo to witness the feat.

Paul says that he will perform the feat in the same manner here that he has successfully used in most of the large cities of the west. His performances have thrilled thousands of people all over the country and the crowds that he has attracted everywhere strongly attest his ability as a crowd pleaser. He will perform feats that one would not believe if they did not see it for themselves and it will be shown here absolutely free, given to you by the leading merchants of Hondo.

The drive, according to Paul, is accomplished through Par Optic Vision, an uncanny power seldom seen but often read about. It enables him to do what seems to be the impossible.

A new Chevrolet Sport Roadster will be used in making the drive and it will be equipped with Federal tires. Mr. Dillon is very interested in the drive and has placed the Blindfold and also the car on display in his showroom for the inspection of everybody. If you think there is a mechanical device on the Chevrolet or something in the blindfold that would in any way aid Paul to make his drive come in and find it and win five hundred dollars.

The new Chevrolet will be powered with Gulf gasoline and Gulf motor oil. In choosing Gulf products Paul stated that he always used Gulf because he is always able to buy it anywhere in the Southern States and that uniformity in gasoline is one of the most important essentials of a perfect functioning motor. Mr. Marvin Schweers, local Gulf agent was very pleased with Paul's choice and said it was just another example of Gulf's supremacy.

Be sure and don't miss seeing Paul as you will never regret it and remember—IT IS FREE!

PLEASED WITH EXHIBITION.

The Editor journeyed to Cotulla last Saturday evening for the express purpose of seeing what sort of a show Mr. Paul Fruchey put on with his blindfold drive. We went down with the intention of finding out how he did it. We imagined there was a trick somewhere, but, if he uses trickery, he is too quick or slick for our eyes.

After the drive was over, we talked to Judge W. A. Kerr, the gentleman who blindfolded him and took the blindfold off, and he was at a loss as to how it was done.

Paul will do his stuff here tomorrow and we have no hesitancy in assuring you that it will be worth your time to see it.

Fruchey is a rather modest lad who makes no exaggerated claims and reserves the right to make mistakes. In fact, if he does ninety per cent of his tricks perfectly, he is satisfied.

Another point that impressed us, was his fairness with the merchants who back him. He works on a strictly money back guarantee and if the merchant is not satisfied with the results, Fruchey makes good his expense.—Pearsall Leader.

OUR LADY OF THE LAKE COLLEGE BOOK WEEK—NOV. 17-23.

Will you assist us in making our Book-Week-Drive a great success? The donation of a book, old or new, will be highly appreciated. Old books dealing with any phase of early Texas history, diaries, records of every type, account books, old maps of Texas or other States of the Southwest, letters giving information about conditions in early settlements, etc. are especially sought.

Our Lady of the Lake College Library is well equipped to preserve such valuable historical material for future generations. Let us show a real school spirit and use every effort in making it depository of the history of the great Southwest and especially of our great State of Texas.

Kindly hand in with every donation the name and address of the donor. All gifts will be on exhibit for a week and a list of donations with names of the donors will be published.

BADGERS HOLD FIRST BUSINESS MEETING.

Glenn Fluker Names Manager, New Members Accepted, Officers Elected.

Tuesday night, November 18, the Hondo Baptist Badgers held their initial business meeting for the 1930-31 year in the church study. With both last year members and applicants for membership present a lively meeting resulted and much interest shown in the transacting of business.

Mr. Glenn Fluker was elected to the position of Manager. Mr. Fluker takes the office left vacant by the resignation of Rev. Albert Nelson. The Badgers regret the loss of Rev. Nelson, but in having Mr. Fluker accept the management received a leader that all the boys respect and admire and who will be an ideal director of the team.

Four applications for membership were held and voted upon, resulting in Ralph De Montel, Robert Griffith, Roy Schweers and Homer Rothe being accepted into the organization. Several other applications were discussed but action was postponed until a later date.

After considerable discussion it was decided to elect the captain for this year at the meeting and to allow members of the organization that will not play with the team this year a vote. Carter Snooks was re-elected to the position of captain of the team. It was decided to combine the offices of secretary and treasurer and Leo Pettis was elected to fill that post.

It was decided that all lettermen of the team that are not playing with the Badgers this year be honorary members of the organization and be entitled to all privileges as the playing members.

B. C. Rucker, who will be playing with the Hondo Owls this year, gave the Badgers several encouraging talks and informed them that while the honorary members would not be playing they would be back of the team in every undertaking.

The club membership now consists of Manager Fluker, Carter Snooks, Leo Pettis, Henry Windrow, Glenn Jones, Tony Taylor, Roy Schweers, Homer Rothe, Ralph De Montel and Buddy Griffith, active members; Geo. Vison, B. C. Rucker, Frank Rucker, Edward Taylor, Jack Mask, Bradley Jolley and Melville Smith, honorary members. Clarence Wright, fast center of the Badgers last season and now at Texas University, has sent word that he desires to play with the team whenever possible and will be used to train the new center players of the team.

HONDO BAPTISTS ARRANGING HARD SCHEDULE.

Games to be Played Against Every Team that Defeated Badgers Last Season.

Games against every team that defeated them last season are being sought by the Hondo Badgers. The Baptists already have games with two of these teams. On Tuesday, November 25, the Central Baptist team of San Antonio will play at the Medina County Fair Grounds with play starting at 8:00 p. m. Last year the Central team won a 26 to 15 victory from the Badgers. The visitors will have practically the same outfit as played here last year. The Badgers are out for revenge and plan to win the game by at least ten points.

The following Saturday, November 29, the champions of the San Antonio Sunday School leagues will play the Badgers with the game set for 8 p. m. at the Fair Grounds' Gym. The Laurel Heights Methodists boast the same team that last year trounced the locals 47 to 23. Tomorrow the Methodist team will play the University of Texas Freshmen. The Badgers are stepping out of their class in playing the Laurel Heights crew, but are determined to hold the visitors to less than 47 points this year.

The six other teams that defeated the Badgers last year are Yancey High School, Devine High School, Lytle High School, Uvalde High School, Yancey Town Team and the Denver Heights Aces of San Antonio. All teams but the Aces and Uvalde have indicated they would play the Baptists this year, but no dates have been set for the games.

The Badgers have adopted the motto: "Meet All Teams and Win Half the Games." A difficult task to perform, but accomplished last year by winning 600 of all games.

T. E. L. MEETING.

The T. E. L. class held its regular meeting in the home of Mrs. Will Crow with Mrs. Henry Crow as joint hostess. Business was discussed after which delicious pie with whipped cream and coffee were served to the following ladies: Mesdames Marvin Beal, Albert Nelson, Max Mulchay, Ed. Meister, Jack Fusselman, W. C. Scott, Fred McWilliams, L. C. Jones, Robert Kollman, H. C. Hyatt, Andrew Schuehle, Horace Crow and Miss Fannie Carle. Several games of "42" were enjoyed.

ON TEXAS FARMS.

By W. H. Darrow,
Extension Service Editor.

The decline of corn acreage in Texas is a matter of alarm to some people. By associating this with the fact that corn yields here are about half those in the Corn Belt the picture gets decidedly dark unless one recalls that rain sorghum acreage has multiplied several times in the last ten years.

Once considered only an extreme West Texas crop, the grain sorghums have been quietly poking their way eastward in the wake of demonstrations fostered by county agents until this year one may find hegari, at least, way over on the Louisiana line. Not quite so far over, but still in East Texas, is Hunt county, where the county agent reports more than 30 grain sorghum-growing demonstrations that are proving the crop worth more than corn there this year.

Milo maize or kafir or feterita or hegari has been a scrubby sort of crop to most Texas farmers, except in the West where grain sorghums are supreme, or in the South where hegari conquered local prejudices in the drought of 1925. The inferior land on many farms has commonly been planted to one of these crops with a sort of a lick and a promise, and the shabby headed grain exhibited in the fall as an interesting freak. But what the county agent in Erath county reports is getting common in many other places. "Corn is almost a complete failure in this drought year," he says, "but demonstrators using pure line sorghum seed are getting some much needed grain."

The Extension Service isn't advocating that all farmers grow grain sorghums instead of corn, although the two are about equal in feed value. It is true, however, that demonstrations have and are showing these African importations of much wider adaptability in the State than was once supposed. Indeed, the grain sorghums have become the great Texas feed crop.

Times are discouraging. Some think the country is going to the dogs. Farmers find low prices offered for nearly everything they have to sell. Some have had a drought on top of it. There is a tendency to quit formerly profitable lines, such as dairying, to fish in new waters. But those who stay "put" and continue to cut costs will likely keep on making some money from cows, because many who have been managing herds wisely have been making small profits all summer.

A dairy herd demonstrator in Bastrop county says his 10 cows have paid him from \$83 to \$95 per month above feed for his labor and care of milk and the use of five acres of sudan pasture. Two others declare that their cows are feeding themselves and the family, helping to pay for improvements, and re-building the land besides.

M. W. Franks in Coryell county says he'd rather milk dairy cows than pick cheap cotton, and thinks \$93 above feed cost from 13 cows in one summer month isn't so bad. His feed cost \$1.50 per hundred, the cost of producing a pound of butterfat was 14½ cents, and it sold for 42 cents. He stays by his cows and plants surplus land in cotton.

In Fisher county 25 cows in demonstration have produced fat for 21.4 cents per pound. Sudan grass pasture lowered the cost 5.3 cents per pound and increased the profit \$1.25 per head.

A herd of 11 Jerseys in DeWitt county has paid its owner, O. C. Fitzhenry, 77 cents per hour for his time with them, or a profit above feed cost of \$101.42 in one month.

Loreda, a grade Jersey in the herd of A. G. Cawyer of Gaines county, made a net profit of \$7.74 in a recent month while four other cows in the herd made a combined profit of only \$6.75. Mr. Sawyer got this startling information through the West Texas Cow Testing by Mail Association of which he is a member.

Half the cars of wheat shipped out of Blanket, Brown County, in 1929 contained smut and cost farmers from two cents to 10 cent per bushel. Copper carbonate treatment was given 600 bushels of seed wheat there last fall by the county agent and this season the crop is coming in clean and of uniform quality.

Terracing is spreading to the Mexican border with a report coming from the county agent of Webb county that J. B. Chilton made a crop of dry land spinach on terraced land on his ranch last season and that he now has a good crop of cane maturing. Many believe that terracing and contouring will lend greater stability to dry land farming throughout extreme South Texas.

A majority of the 17 Erath county turkey raisers who carefully selected breeding females last fall on the basis of weight and uniform quality, report thrifter and more uniform appearing poults than a year ago. The eggs were early and hatchability good, which the county agent regards as noteworthy in consideration of the fact that the mating season was

marked by severe weather and total lack of green feed this year.

A commercial orchard can pay in the Hill Country, Felix Kneese of Gillespie county thinks, and he points to the sale of \$3,000 worth of fruit this year in proof. Proper pruning and thorough cultivation gives him quality fruit which averaged him 50 cents per bushel above ordinary prices last year.

Not so far from there, in Llano county, it's Chinese red cowpeas that win the praise of two crop demonstrators. Early maturity puts them ahead of the summer drought, and their upright growth makes them easy to cut and cure for hay, these men say. One of them declares these peas the best he has ever planted and while he doesn't know the yield, says they run more for hogs per acre than

After fruit, cowpeas, alfalfa and onion stories, its quite a drop to a grass story, but since grass is the biggest crop in the world and rather fundamental in livestock production, we'll end up in Robert Gillespie's sudan patch in Colorado county. It was worth \$2.67 per day to him this summer for his 13 cows that grazed its 13 acres.

TWO TO GRADUATE.

Georgetown, Texas, Nov. 19—Two Hondo students in Southwestern University will receive the Bachelor of Arts degree in June, 1931. Miss Leora Horger and Mr. Homer King, both of Hondo, are students in Southwestern and will receive the B. A. degree next June. Miss Horger's major subject is history, her minor, history. Mr. King is majoring in political science and history, and minoring in economics.

Labor Improves Conditions

Labor in its collective effort contributed greatly to the making of proper wages and to improvements of labor. But collective bargaining alone cannot overcome the forces that make for unemployment. The problem of insuring full employment is a problem of national concern. Our workers as citizens, ballot box have a large part in winning our economic policies.

Blindfold Driver Explains Par Optic Vision

BY PAUL FAUCHEY

The feat that I will endeavor to perform for you Saturday is for your entertainment. In the performance of this feat I do not lay any claim to the supernatural whatsoever nor do I personally believe in anything that would take supernatural powers to produce, such as fortune telling, spiritualism, etc.

I am, however, a firm believer in all sciences that have been developed by great scientific minds that have spent years in the development and are worthy of our unbiased consideration.

The powers that I use in the performance of my drive are not gifts. They have come to me only after years of study and hard work and these powers that I have so perfectly trained are possessed by everyone. It is my honest belief that anybody born under the right zodiac that would especially adapt them for this type of work could accomplish the same as I have accomplished provided they would study along the same lines and for a period of time as long as I have.

No doubt at some time or other all of you have felt the presence of someone near you although you could not see them. You have felt and just knew that someone was staring at you and upon turning around you find that person looking intently at you. Suppose that you would develop these senses that you possess, do you not think that your natural power would be unlimited? It is along these lines that I have put my efforts and if I have gained anything it has been through conscientious and long study.

I have been very much impressed with your city and most of your merchants and take this opportunity to express my realization and appreciation for the co-operation shown me by everyone connected with my drive.

Signs of the Times

The best indication of the real condition of a country or a community is the advertising that is done. Measured by that standard most of this part of the world is fairly prosperous. An unusually large per cent of the advertising carried in publications of all kinds is of merchandise generally regarded as luxuries, such as automobiles and car supplies, radios, cigarettes, and what were once called "fancy groceries." Evidently the advertisers find that it pays to advertise these goods or they wouldn't keep it up. The people must have the money with which to buy them and must be buying them. All reports of statistical bureaus show this. Where local papers are not carrying a fair share of this "luxury" advertising for local merchants, there is something wrong with either the merchants, the town, or the local paper, and it is easy to make comparisons with other towns and locate the trouble. In 99 out of 100 cases it will be found that the local merchants have been put to sleep by the hard-time-talk anaesthetic.

Spending Big Money

The Texas Highway Department for the fiscal year ending August 31, spent \$47,331,977, of which \$32,950,357 was for construction, 12,158,553 for maintenance, the rest being for equipment and administration. This is a goodly sum of money to be administered by three men devoting only part time to their official labors. That it has been so well done at so light overhead expense is a credit to the Board. Texas is making wonderful progress in road building and maintenance—about as much as should be expected of any State.

Texas Turkey Money

The San Antonio Express thinks that the turkey crop that will be marketed this season in the "San Antonio territory," whatever that is, will reach a total valuation of \$3,000,000. If the Express is correct, and too much territory is not claimed for San Antonio, the total Texas turkey crop will be not less than \$10,000,000, possibly \$15,000,000. Marketing the turkeys is a great help toward solving the unemployment situation.

How Much Unemployment?

Those who should know claim that Texas is able, with all the work under way, to handle its own unemployed situation, provided the unemployed from other States do not come here to spend the winter. The winter months always bring thousands of hoboes and hick-hoppers to Texas seeking a warm climate but not wanting work. They are listed among the "unemployed," but no power short of the law can make them work.

Laborers, like most other human beings, are inclined to think the opportunities for good wages are better elsewhere than at home, and flock in numbers to places where public work of any kind is under way, only to find preference given to local workers. This has given rise to much talk about unemployment. Most Texas communities are able to employ all home laborers, but they should not be expected to care for the drifters, whose numbers are constantly increasing.

Vagrancy a Menace

Most of the burglaries and hi-jacking is done by ex-convicts or vagrants, who prefer to take long chances rather than work. Every Texas town has its quota, some of them drifters from other States. They have become a menace. A traveling salesman recently reported that he was held up three times one night while making a trip of 60 miles on a well-travelled highway. Abilene is using a good policy that could be made widely effective if adopted by all other Texas towns. It puts all vagrants to work and keeps them at hard labor until they are glad to agree to leave the town and stay away.

Let Railroads Build

If only the authorities at Washington would loosen up in the matter of railroad building and allow all the roads in Texas to construct lines they are anxious to build, employment would be given at once to thousands of day laborers and hundreds of skilled laborers. It is a shameful condition that the development of a State like Texas is retarded by a board of any kind sitting in Washington and that capital is not allowed to invest in competitive public utilities of a kind to bring better and cheaper transportation. Government owes a duty to the masses that is stronger than any obligation to protect monopolistic capital. "Turn Texas Loose" might be a good slogan for Texans to take up again.

Too Much Energy

Beavers have become too industrious in Presidio county. They have destroyed cottonwood trees, built a dam on the Rio Grande and have stopped irrigation ditches with fallen trees. The Department of Agriculture will have trapping done to stop Co.

damages by these energetic dam builders.

In Guadalupe county much complaint is made that the deer are coming down from the hill country and destroying green vegetation, in some cases ruining overnight a farmer's labor of many weeks.

Use Texas Material

Much indignation has been expressed by various organizations because of the action of the Texas bar association in contracting for marble from out of Texas with which to erect a monument on the State Capitol grounds as a memorial to the early judges of the supreme court. There is now talk of legislation prohibiting erection of monuments or memorials on public grounds in Texas that are not built of Texas material on the theory that Texas marble and stone are as beautiful and as permanent as any to be found in the world and that the use of any other is a reflection on the resources of the State.

High-Powered Drives

The World War created a new profession—high-powered money drives. It has gotten so that every time money is to be raised for any purpose professional drivers are engaged either at a high fee or a big commission. These driving professors are mostly from the North or East and have a mighty poor opinion of the ability of Texans to do anything without outside help. Bond elections, legislation, chamber of commerce subscriptions, community chest funds, church budgets, charities of all kinds—all things conceivable—are within the range of their activities for a fancy fee or a commission, running in some cases as high as 50 per cent of the amount raised.

The bill-footers are getting tired of this, some of them believing that Texans have enough liberality and intelligence to raise money among themselves for their needs. They are getting tired of being driven by outside whips, at least. In accepting the chairmanship of the committee to have Texas represented at the Chicago World's Fair in 1933, Mr. J. C. Kennedy made it plain that it was on condition that no professional drivers should be employed to raise funds. He deserves the thanks of all Texans for this stand.

Truck Acreage Increased

Success of truck growers in many parts of Texas is resulting in a largely increased acreage. In Jefferson county there will be 1,000 acres in truck this year as against 200 acres last season. In other counties the increase is almost as great. There is evident a danger of over-planting unless it is backed by good sales organization supplemented by ample canning facilities.

Find No Competition

The Texas Board of Control found so little difference in prices bid for automobile tires as to indicate that in some magical way competition was eliminated, so it turned down all bids and asked for new offers. There is little wonder that some Texans favor having the State manufacture products that the State departments and institutions require for their use.

TELEPHONE SERVICE ACROSS PACIFIC PLANNED.

Telephone service across the Pacific Ocean is planned for 1932 and erection of radio stations to be used in the hook-up will start within the next few months according to an announcement made today by Mr. T. A. Stevenson, District Manager of the Southwestern Bell Telephone Company.

This is the first step in the move of the Bell System to connect its United States network with far eastern countries in or bordering on the Pacific.

Hawaii will be the first country to receive the new service, cites for the station already having been purchased.

The project contemplates eventual establishment of service with Japan, Australia, the Philippines and Alaska as well as ships at sea.

The transmitting station will be located at Dixon, California near Sacramento while the receiving station will be at Point Reyes, North-west of San Francisco.

Equipment for both stations is now being built by the Western Electric Company and Bell Laboratories, Inc., the latter the research organization of the American Telephone and Telegraph Company.

The radio channels will connect with the telephone system of the Mutual Telephone Company, Hawaii. This consists of wire network on several islands to be linked to each other by a radio-telephone system that is being extended to cover virtually the entire archipelago.

SECO COMMUNITY P. T. A.

An enthusiastic meeting of the Seco Community Parent Teacher Association was held at the school on Friday, November 14, beginning at 7:30 P. M. The entertainment program was a varied one, opening with a chorus of women's voices singing "Carry Me Back to Old Virginia." Mrs. Paul Poerner read a paper on the parent's mental attitude toward children. Mr. Henry Poerner, Mr. W. O. Rothe and Mrs. Louis Pichot sang "When It's Springtime in the Rockies" to a guitar accompaniment by Mr. Alfred Rudinger. A reading by Mrs. Louis Pichot on the subject of "How to Help a Child Who Is Afraid," was followed by a vocal solo by Miss Sara Rothe. Mrs. W. O. Rothe, in observance of Book Week, read a paper on "Children's Reading." Mr. Rudinger accompanied his daughters in a song, "The Chisholm Trail," and also played a guitar solo. The ladies closed the program with another vocal solo.

The business began with the call to order by the president, Mrs. Louis Pichot. Roll was called by the membership chairman, Mr. Wm. Weynand. Miss Agnes Rothe, publicity chairman, reported that Seco P. T. A. news would appear in the future in the Devine News. Mrs. Henry Poerner gave an interesting report of the County Council meeting held in Devine, October 4. The president appointed Mesdames Alice Reinhart, Wm. Weynand, Alfred Rudinger and Miss Margaret Lutz as delegates to the next Council meeting, which will convene at D'Hanis. Miss Josie Rothe, principal, told of the purchase of various articles for the school, and invited patrons to observe Parents' Visiting Day on November 21. She also announced that a number of agriculture texts and bulletins were to be used as a circulating library for the patrons, upon the suggestion of Superintendent W. N. Saathoff during his recent visit to the school. Many of the men took advantage of this new feature by taking books home to read. The Child Welfare magazine and Texas Parent Teacher will continue to be circulated among the members.

The hostesses of the evening, Mesdames Henry Poerner, Alfred Rudinger and Wm. Weynand, served delicious sandwiches and coffee.
